Cathedral Loyalty Song

(By L. Gonner, S.M.)

One and all who have assembled here,
Raise your voices loud and give a cheer, and come let's sing
And make the echoes ring,
With praise for our Cathedral High.
For we are proud her sons to be,
Proud to bear her noble name,
For time and for eternity,
Her name will be our fame. Rah! Rah!
Pledging her our loyalty
Though we may wander far and wide,
And it's one and all who will hear her call
And claim her as their own with pride.

CHORUS

Then give a rousing cheer for our Cathedral High,
Let us raise her colors to the sky,
Priding in her colors and her fame
Singing of her noble name, Rah! Rah!
Ever onward, upward will we see,
To our God and country true to be,
And we'll ever vie with courage high
As sons of our Cathedral High.

FOREWORD

WE, the Graduates of today, have the unique distinction of seeing the light of day for the first time at a period, when this world of ours was suffering from one of the greatest upheavals mankind has ever recorded, namely, the World War, and graduating during the greatest depression of all times.

Still the days of today are as interesting as the days of the Sixteenth Century, when numerous tales of discoveries and adventures were prevalent. True, there are no new worlds to conquer, but there are new fields to explore in our whole economic and social structures. These structures need re-adjustment but how will this be accomplished?

Many panaceas from all corners of the world are offered. Stalin of Russia prescribes Communism as the only cure. Mussolini has accomplished much in Italy, through Facism. Hitler poorly apes the Italian Dictator, and calls it Nazism. Dictator Calles of Mexico, with his cohorts, tries to imitate Stalin by persecuting the established religion in the neighboring Republic.

In our own United States, President Franklin Delano Roosevelt introduced "The New Deal," Huey Long, the senator from Louisiana invented a "Share the Wealth" program. Rev. Charles E. Coughlin, radio priest of Detroit expounds weekly the principles contained in the Encyclicals of Pope Leo XIII, and Pope Pius XI, the "Rerum Novarum" and "Quadragesimo Anno."

In the State of Illinois, Governor Henry Horner, and the Mayor of Belleville, George Remsnider struggle to cope with local depression. Likewise, in our own diocese, Bishop Henry Althoff silently studies the Encyclical "Quadragesimo Anno" of our reigning pontiff, Pope Pius XI, and issues a scholarly and comprehensive summary of it for the perusal of his faithful. The Most Rev. Bishop is ably assisted by the various pastors of the city, namely:—

Rev. Joseph Mueller, Cathedral

Rev. Frank Kaiser, St. Luke's

Rev. Joseph Orlet, St. Mary's

Very Rev. Dean Wm. Hoff, St. Teresa's

Rev. Joseph Ehman, St. Henry's

Rev. Louis Ell, Blessed Sacrament

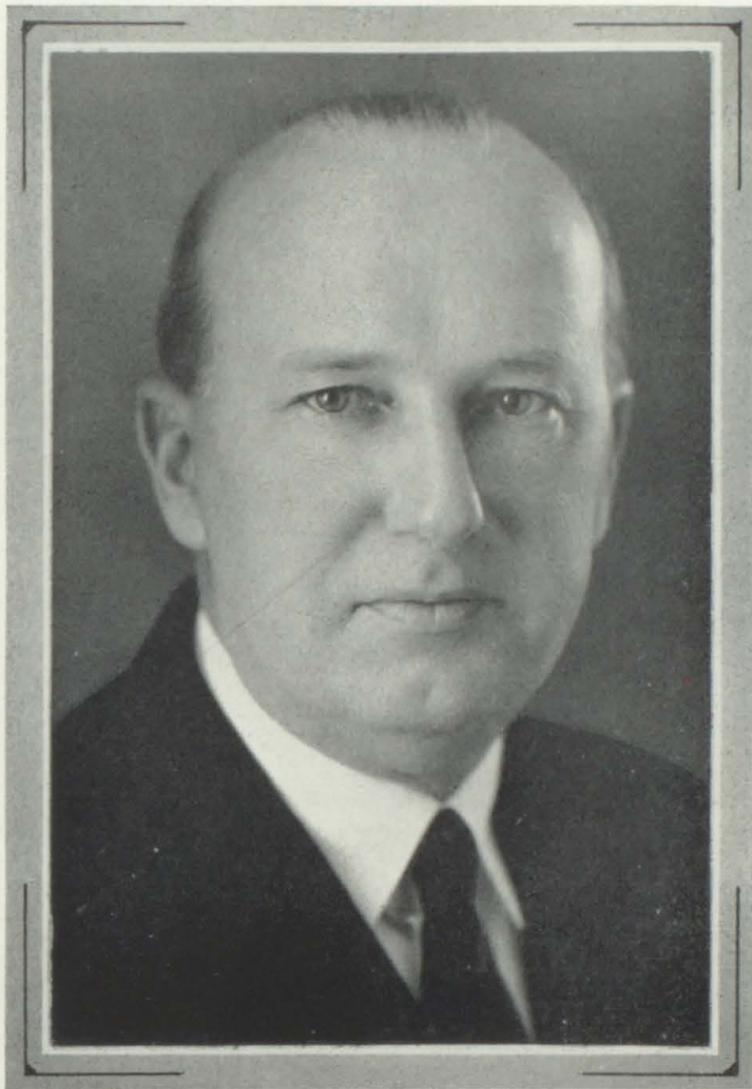

And so we have briefly enumerated the principal characters in this great drama of reconstruction.

But this brief annal would be incomplete without mentioning those who were intimately associated with us during our School days at Cathedral High School. We therefore ask you, kind friend, to turn the pages of this booklet, to read the lives of those who made the world a better place to live in notwithstanding the World War and the Great Depression.

CATHEDRAL VIEWS

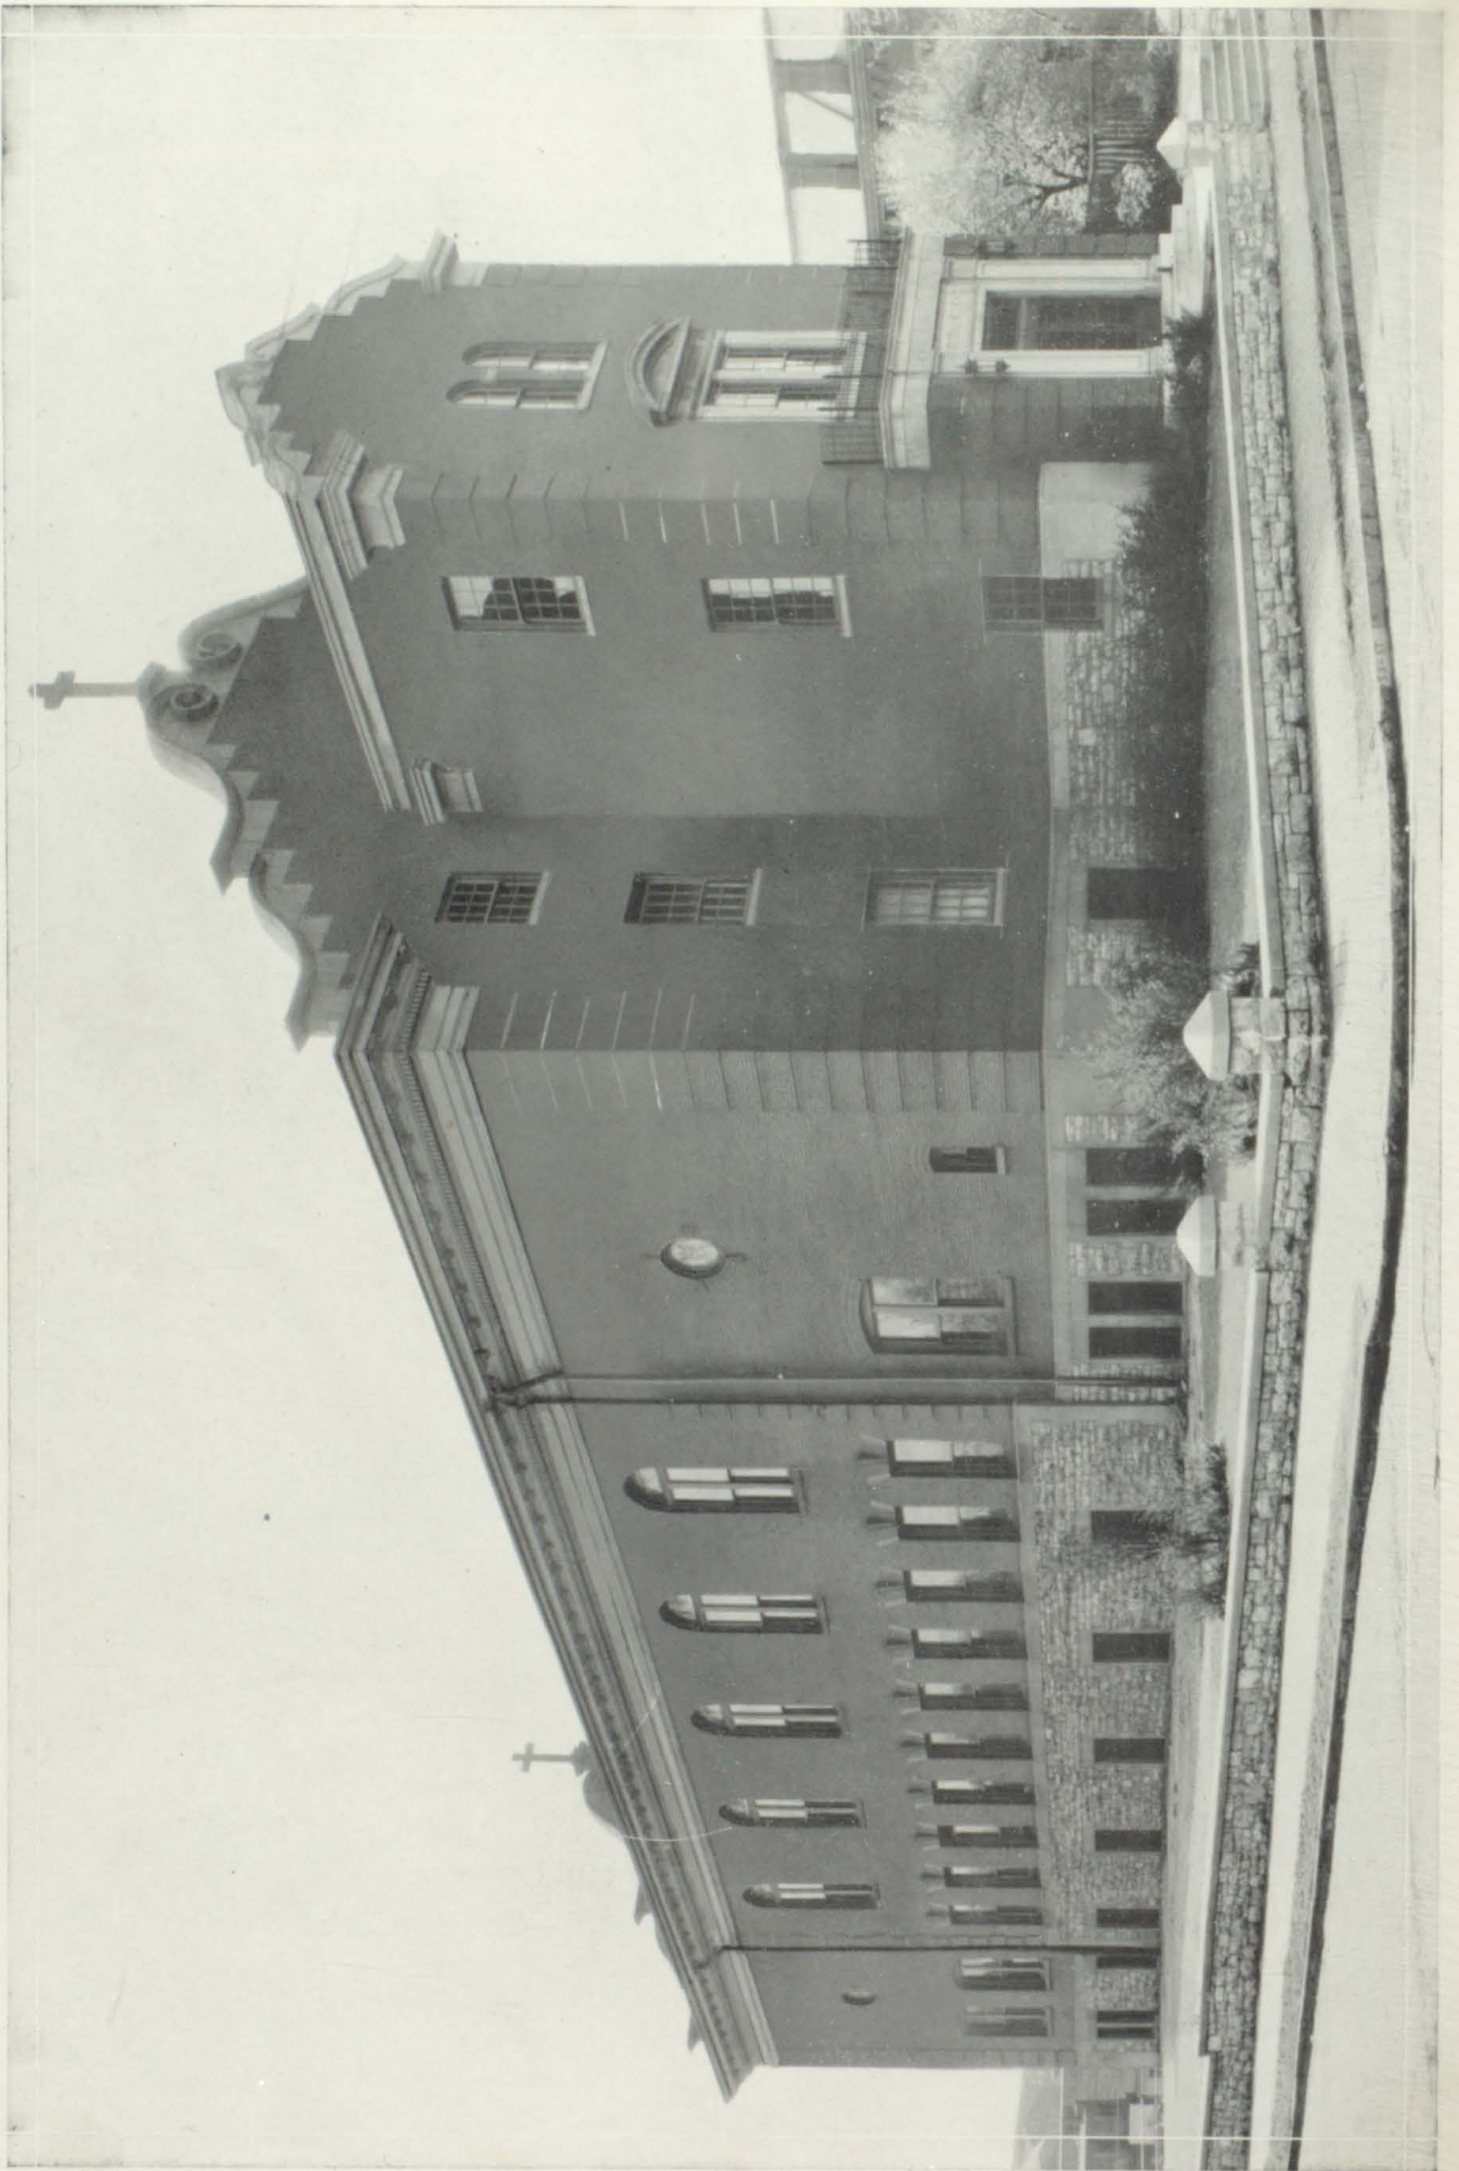

DEDICATION

When by a kind word, a cheery smile, one can bring a fleeting moment of happiness to some sad heart, he has indeed accomplished more than we poor mortals can measure. We were most fortunate in having such an amiable soul for our teacher and friend, whose constant cheerful disposition was an inspiration. We are proud to dedicate this issue of "The Cathedra" to the memory of our beloved Moderator the late

Rev. Brother William Keisker, S.M.

Who as a simple religious, with simple ways accomplished far more than this little volume could express.

1931-1932

It was a bright September morning when some sixty, eighth grade graduates sought admission to Cathedral High School. They stood in line to have their names registered by Rev. Bro. Ambrose S.M., the newly appointed Principal. Then two classes were formed, Freshman A and Freshman B, with Bros. Alphonse Piekarski, S.M. and Leo Rothermich, S.M. respectively in charge.

Within a few weeks the boys realized that High School meant work. Algebra and Latin seemed beyond the Freshmen comprehension. Notwithstanding many names appeared on the Honor Roll.

In Athletics none participated directly. It simply meant "bench warming" or selling tickets for the games. Then for one entire day the Spirit Banner was displayed in the room for the Freshmen led the race in the raffle sale. The proceeds of which equipped the school band.

1932-1933

About fifty returned as Sophomores. Brother Armand Pariseau, S.M. taught Sophomore "A" and Bro. Leo Rothermich, S.M., Sophomore "B". All green things develop and so do green Freshmen. In the intra-mural basketball league Sophomore "A" took all laurels. The Honor Roll listed many names for scholastic work. Sophomore "A" presented a Thanksgiving program while the Sophomore "B" entertained the school with a sketch "The Three Magi". The dads of the high school boys formed a Loyalty Club.

1933-1934

Two years have passed. Many dropped by the wayside in that time. But thirty-six Sophomores returned as upper-classmen. Rev. Brother Charles Kinsky, S.M., was the Junior Class Moderator. Studies became more interesting. Many Juniors were now regulars on the Varsity Team. The Juniors showed class spirit when they elected Freddie Koch as the first "Cathedral Boy".

1934-1935

With the spirit of a true Crusader, the Seniors were determined to overcome any obstacles that would hinder them in their preparation for their future mission. This preparation required sacrifices, as their present numbers show, for many of its original Freshman Class have decreased in numbers. Could there have been a better preparation for life than the one offered by a convent school, within the hallowed shadows of a Cathedral?

In scholastic work many Seniors found their names on the Honor Roll. They participated in debates, dramatics, oratorical and apologetical contests.

The varsity football and basketball teams were largely composed of Seniors. The Sodality of the Blessed Virgin was entirely in the hands of the Senior officers. This year's class of thirty-two members was the largest graduating class in the history of the school. Bro. Ralph Molnar S.M. was the moderator.

Last Will and Testament

We, the Senior Class of nineteen-hundred and thirty-five being without mind and of weak body do hereby, herewith, hereafter, hear ye and why not, in accordance with the laws of the City of Belleville, County of Saint Clair, State of Illinois, of the United States of America, of the Continent of North America, of the Western Hemisphere, declare this to be our last Will and Testament and do maintain all previous Wills, Testaments and Debts made by us to be null and void.

We now leave and bequeath the following legacies to our most unfortunate successors:

To the Freshman Class we leave our sympathy, at the thought of the years ahead of them; our general debility in all scholastic work and our skillfulness at skipping assignments.

To the Sophomores we leave our places at the corner grocery store and at Kohl's show window.

To the Juniors we leave our Catholic Action text-books and the Old Folk's Home. To them we do also leave the right to occupy our seats in the Senior Class with all the theme papers.

To the Faculty we leave the peace which must come after we leave.

Albert (Office Boy) Guenther leaves his study hours spent in the Principal's office to Ed Fellner.

Francis Schaefer leaves the penny collecting to Clarence Muren.

Fred Koch leaves his bevy of girls to Morris Braun.

Quentin Stoeckel leaves his dumb remarks to Marcellus Flach.

Irvin Amann bequeathes his smokes to Elmer Beelman, and Shiloh to Mr. Zimmerman.

All our other too numerous and now worth mentioning possessions we leave to the C.C.C., P.W.A., and N.R.A.

JUNIOR CLASS

A nine-month grind against the emerystone of hard study has given an edge to the Junior axe of intelligence that bids fair for clearing a clean path through the woods of hard knocks for the prospective Senior class of '36. The adage "Quality is better than Quantity" has proved true in most cases for the twenty-nine students now looking back on a well-filled Junior year.

Two teachers acted as helmsmen for us during the past year. At the start Brother William Schneider devoted his efforts to developing a spirit of leadership in us which we tried to maintain under the guidance of Brother Urban Fleege when Brother William was transferred to Central Catholic at the end of October.

The Juniors gave vent to their enthusiasm by an active participation in all sports activities. They began by placing a large representation on the gridiron. The same spirit was duplicated in basketball and again in baseball. In school activities the Juniors captured high honors by winning more than their share of inter-class contests. In the Oratorical Contest, Edward Fellner won the Bishop Althoff Medal. In a school-wide, and then state-wide essay contest on Citizenship, Lester Niedenfuehr won first and fifth place respectively. It was Lester, again, who won the Apologetic Contest and was accordingly awarded the Apologetic Medal.

THE SOPHOMORE CLASS

The two rival Freshmen classes of June 1934 returned in September to find themselves amalgamated into one Sophomore class. The old "Frosh A vs Frosh B" rivalry of the preceeding year was soon buried in an avalanche of new and united Sophomore spirit. All our energy and enthusiasm was pooled in order to offer good stiff scholastic and athletic competition to the upper classes.

The Sophs point with pride to their six football men. R. Shmidt, C. Schlarmann and C. Lang received major monograms while A. Reime, R. Wuller and H. Joffray merited minor letters.

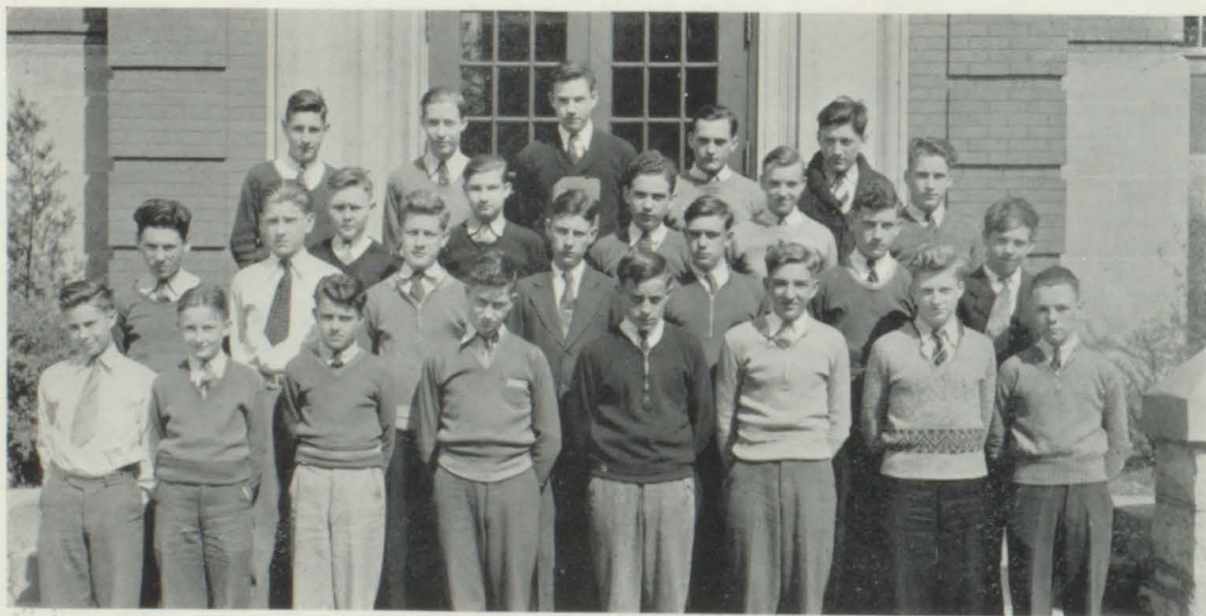

During the Basketball season R. Schmidt, R. Wuller and H. Joffray represented the Sophs on the hardwood.

In intra-mural sports our Sophs took first place in the Senior Basketball League. They defeated the Junior and Senior "heavies" by close scores and managed to come through the season undefeated. The Sophomore "heavies" roster included, H. Joffray, (Cap't), R. Wuller, Cy Schlarmann, George Renner and E. Fuhrman.

The Sophomore "lights" were less fortunate and had to be satisfied with second berth in their league.

K. Juncker, (cap't.), P. Reis, A. Corty, S. Lobsinger, C. Dressel, D. Sullivan, R. Foeller, and J. Molnar fought with the lights.

That it may not be thought that we are a class with only athletic enthusiasm we record that R. Wuller, R. Lindauer, D. Sullivan, A. Corty, G. Matychowiak were always to be found on the Honor Roll.

FRESHMEN "A"

On our entrance to Cathedral High School, that sultry September morn-ing of the year 1934, we were registered as members of Freshmen "A". This was due to the fact that the class was too large for one room, and so two rooms were used for the new comers, Freshmen "A" and Freshmen "B".

Brother Charles Sweeny S.M. was made titular teacher of Freshmen "A". Month after month the names of many boys appeared on the honor roll. In athletics, and we take great pleasure in telling the world, we de-feated our rivals, Freshmen "B" in football.

FRESHMEN "B"

A good start indicates a better finish. Frosh "B" made a good start in all school activities and has maintained that standard throughout the year.

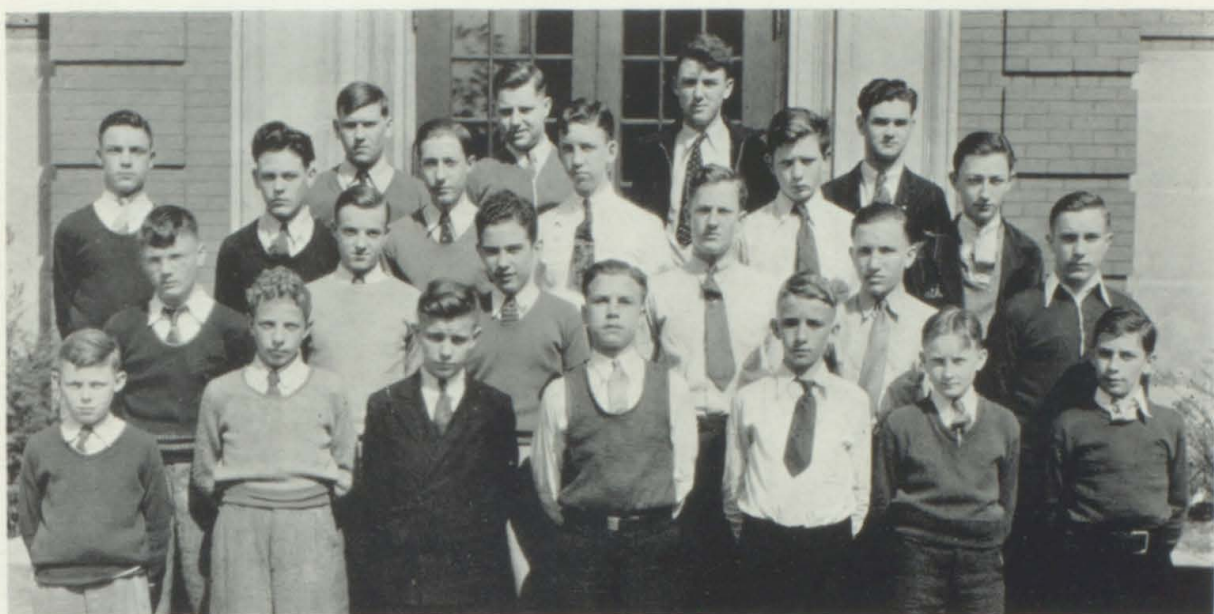

With pride it points to the Honor Roll as a proof of their scholastic achievement, for the following were Honor Students: R. Schoenborn, H. Forness, C. Bechtoldt, K. Nesbit and D. Renner. In the School's oratorical contest, R. Schoenborn was placed third.

In athletics, Frosh "B" did creditably well. They lost the annual foot-ball game to the heavier Sophomores, but won the Junior title in Basketball. Bro. Frank Bischof has been titular teacher of Frosh "B".

HONOR STUDENTS

To merit honorable mention a student must satisfy the following general requirements: He must receive a minimum of 95 for conduct and 90 for Religion.

The following degrees are based on scholastic achievement: **Highest Honors**—Scholastic Average 95, no grade below 90. **High Honors**—Scholastic Average 90, no grade below 85. **Honors**—Average 85, no grade below 80.

A student must graduate with honors to qualify for any scholarship award.

DRAMATICS

One of the most important assets of any school-training is the development and experience of public speaking, since this art develops the faculties of the individual to think quickly and clearly.

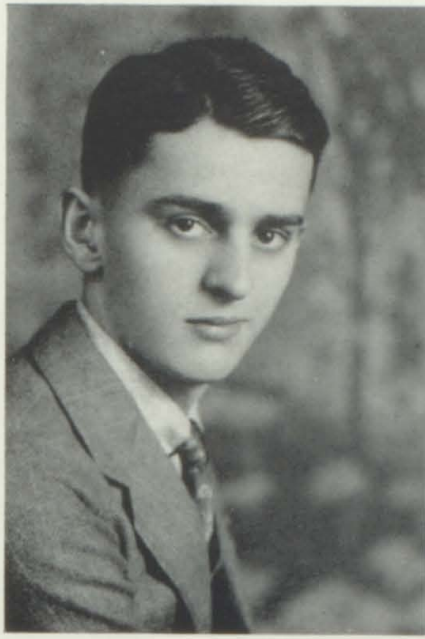

In our own Cathedral school, public speaking has a very definite place. Every effort is made to give each student at least one opportunity during the course of the school year to appear in public and display his oratorical abilities.

The most important tools used in achieving this end are the class plays at various intervals and holidays of the year, the monthly sodality meetings, the oratorical, apologetical and elocutionary contests.

The series of class entertainments was climaxed by a three-act comedy given by the Senior class, entitled "Cousin Gene" on Mother's Day, May 12th. This comedy was the annual senior play. In the previous years all classes participated in this final entertainment. This year, however, marks the inauguration of the Senior play. The following was the cast of "Cousin Gene":—

Ted Manners	Russell Kastel
Frank Stewart	William Drovetta
Jack Rawdon	Michael Walter
George Adams	Melvin Kastel
Fred Ripley	Joseph Vierheller

Bill Tracy	Alphonse Kohl
Dick Horton	Tyrus Winter
Frank Stewart, Sr. ..	Charles Young
Tony	Norman Biebel
Eugene Stewart (Gene)	Thomas Heck

L. Niedenfuehr

E. Fellner

In a state-wide essay contest conducted by Governor Horner's Committee on Citizenship, Lester Niedenfuehr, a Junior, placed fifth among forty thousand entrants.

The subject of Les's winning essay was "The Advantages of American Citizenship". The entrant to the state contest was determined by a school elimination in which Les was credited with first place.

The Presidents of the Universities of Illinois, Loyola and Northwestern, acted as the judges in this contest. Over eight hundred high schools entered. Lester was awarded with a medal for winning.

It was Les, also, who represented Cathedral in the Diocesan Apologetics Contest in which he had as his subject, "The Infallibility of the Pope."

Wins in Bishop Althoff Oratorical Contest

Edward Fellner, the Junior class representative, won the Bishop Althoff Oratorical medal in an oratorical contest sponsored by his excellency. The subject of his oration was Guglielmo Marconi, a prominent Catholic scientist of the present age.

By winning in this contest Ed not only won the coveted medal but the chance to represent the school in an oratorical meet between the high schools conducted by the Brothers of Mary in the greater St. Louis area. The inter-school meet took place during the last week of May.

Fellner competed with the school winners of McBride, Southside, and Central Catholic in the Greater St. Louis Oratorical Contest on May 22nd. Judges named him the champion and presented him with a loving cup and the school with a large silver plaque.

F. Schaefer, C. Young, M. Kastel, T. Winter.

THE DEBATE CLUB

Debating also found a place among the already numerous activities at Cathedral. The Debate Club was organized in the latter part of October under the direction of Brother Charles Sweeny, S.M. Under his guidance the Club, with only one experienced debater, studied the resolution adopted by the Marianist Debating League.

Cathedral, as in past years, was a member of this league, which is composed of the following Catholic High Schools besides Cathedral: Central Catholic of East St. Louis, Mc Bride and South-Side Catholic of St. Louis, and Chaminade College of Clayton, Missouri. South Side, the latest entry into the league, won the silver plaque this year which is emblematic of the league championship.

The topic adopted by the Marianist Debating League was a matter of timely interest, and was the subject of debate in a majority of the high schools throughout the country. It was: Resolved that Federal Government should adopt the policy of equalizing educational opportunity throughout the nation by means of annual grants to the several states for public elementary and secondary schools.

There were only four regular debaters at Cathedral this year. Mr. Tyrus Winter and Mr. Melvin Kastel composed the affirmative team while Mr. Charles Young and Mr. Francis J. Schaefer formed the negative.

Despite the fact that the Cathedral Debate Club obtained only two successful decisions, the members, nevertheless, feel they have gained valuable experience in speaking and in debating during the past season.

Besides the regular schedule of debates, the two teams debated before the student body of St. Henry's Preparatory Seminary.

The Club will, indeed, miss the valuable service rendered by these tried debaters since it must rely upon the inexperienced Juniors and Sophomores for its teams next season.

RELIGION

An intelligent, enthusiastic laity must be trained to participate effectively in the work of the apostolate. This training is the best accomplished at Cathedral in the Religion class.

The plan of the curriculum is to correlate the Religion course with the other courses. It aims to make this class the center from which radiates new light on topics such as civics, history and the natural sciences, in a particular way. It studies to explain and interpret the concrete application to life of Catholic doctrine and practice.

ENGLISH

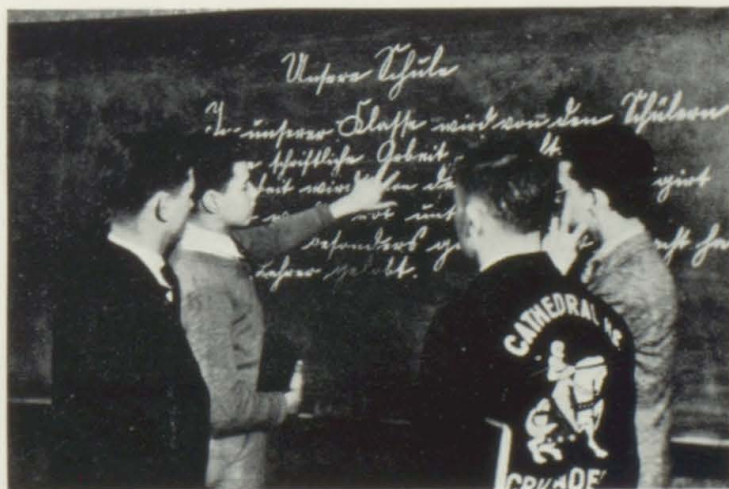

Cathedral High School offers a four year course in the study of the English language. In each of the four years the two essentials of composition and literature are stressed. During the third and fourth years increased emphasis is laid on presenting opportunities to the students for oral and written expression. In the last two years this reading is supplemented by a survey of the world stream of literature together with an appreciation of the great men who have written down for us the best of the world's thought.

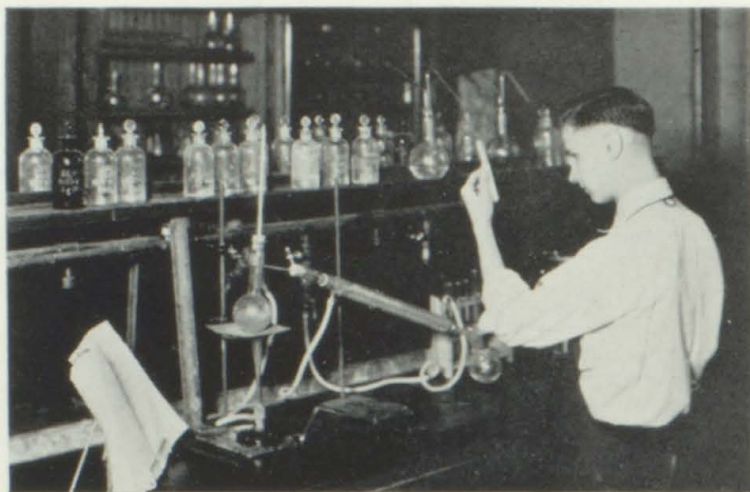

GERMAN

The two year German course not only acquaints the pupils with the rudiments of the language but familiarizes them with the Teutonic spirit, their customs, their history, the beautiful Rhein and its castles, their men of literature, their music, and their statesmen.

With such cultured background the pupil lives a richer and nobler life.

SCIENCE

CHEMISTRY—What is the world made of? What kind of change is the world undergoing? What causes the changes that the world is making? Are the general problems presented to the “budding chemist” for him to solve. Because of the rapid progress in the field of chemistry at the present time, the course of study and method of presentation is kept up-to-date. Laboratory work, practical problems, projects and field trips constitute a part of the inviting educational work for the alert scientific student.

PHYSIOLOGY—A better understanding of Health and how to develop his growing body to acquire a strong manly physique is undertaken in the course of Physiology offered to the Freshmen.

MATHEMATICS

Clear logical thinking in solving a problem is necessary for successful work.

The course in mathematics offered at Cathedral High School emphasizes this factor in the program of mathematics. This course included, Algebra: elementary and advanced, Geometry: Plane and Solid. A course in Trigonometry is likewise offered.

BUSINESS

Is there anyone today who does not need some kind of business? Cathedral High School realizes this necessity and therefore offers thorough courses in Bookkeeping, Shorthand, Typewriting, Business Arithmetic and Industrial Geography.

SODALITY HIGHLIGHTS

1934-1935

With the beginning of school in September, 1934, the Sodality of Cathedral High School inaugurated one of the most successful years of Sodality achievement in the history of the school.

The Mission Committee under Francis Schaefer was undoubtedly the most active committee during the year. Besides sponsoring bundle, Medical, and Catholic Literature Drives, it supplied various speakers for the Sodality Meetings.

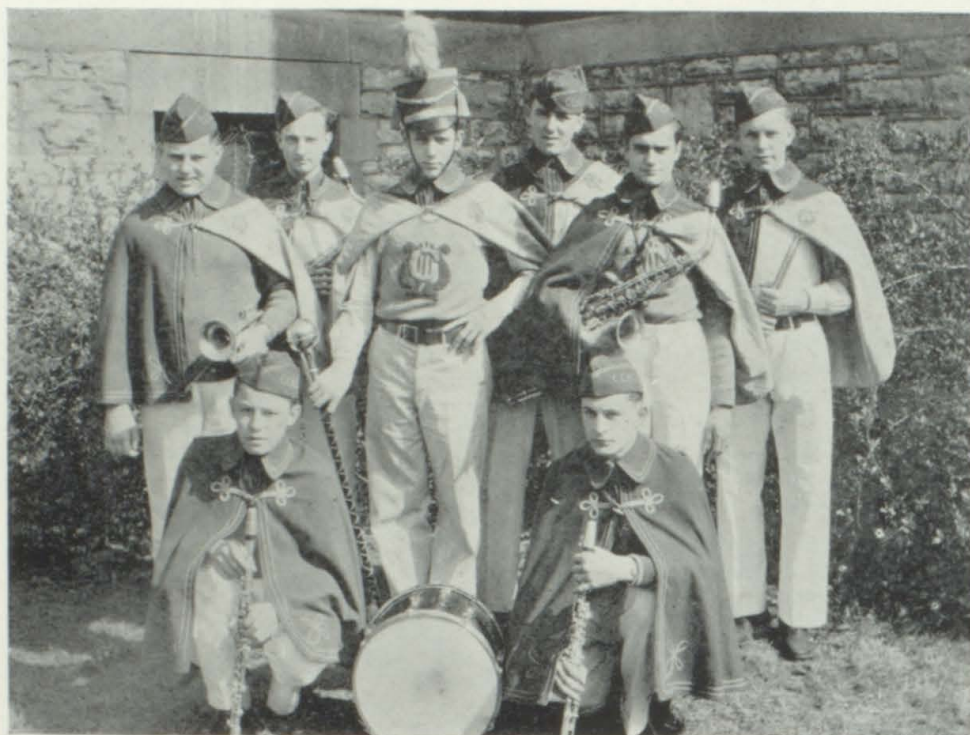

The Annual Retreat, under the direction of Father Bloemker, S.M., was sponsored by the Sodality. On this occasion the Freshmen were enrolled as members of the Sodality.

The Parish Units, met monthly for the purpose of encouraging frequent Holy Name Communion. The Parish Units are: St. Mary's, St. Luke's, St. Teresa's, and the outside Parishes.

Before the 1935-1936 sodality officers were elected, a new sodality plan, namely, voluntary-membership was introduced, although the degree of membership is determined by tests.

The various degrees of sodalities are as follows: Knight-Commander, Knight, Squire, and Page. The duties of the different degrees increase according to rank.

The Sodality officers who presided during the course of the past year are as follows: Charles Young, Prefect; Francis Schaefer, Mission Chairman; Albert Guenther, Catholic Action Chairman; Tyrus Winter, Marianistic Chairman; Alphonse Kohl, Eucharistic Chairman; Thomas Heck, Secretary and Thomas Bedell, Treasurer.

Cathedral High School Band

The Cathedral High School Band finished one of the most successful years of its existence. It participated at all the home football games, assisted Central Catholic High of East St. Louis in the Jefferson City High game, played at the Holy Name Rallies, at Chaminade's Annual Fall Festival, and on "Radio Night", when a spirited concert was rendered. Besides these activities the band was successful in increasing its membership and in procuring new instruments, particularly a Sousaphone and a larger Bass Drum.

FOOTBALL

Ten major and six minor lettermen together with sixteen new specimens of beef, brawn and brains, answered the clarion for the would be pigskin artist to represent Cathedral High on the 1934 gridiron.

Hopes ran high, as each week of practice lighted the horizon of football prospects. In three weeks Brother Alphonse had moulded a light and fast, but hard-hitting aggregation, a team which gloriously carried the banner of the Blue and Gold to the battle front, a team which proved to be the greatest in the history of the school. Sport lovers of Belleville look with pride upon that versatile grid team which smashed and battered its way through the season with six victories and two defeats.

The picture of success can not be more colorfully painted than by a brief resume of the season.

Chaminade: The "Fighting Crusaders" opened the season by trimming the Chaminade "Red Devils" 18-0. Cathedral played offensively throughout the major part of the contest, denting the Chaminade defense with an effective assortment of passes, end runs, and off-tackle plays.

Chester: The Crusaders opened their home season against the Chester Public High in a night game at the Belleville Athletic Field, the first night football ever played in Belleville. Practically the entire game was played in a driving downpour. By half time mud-smearred Crusaders were slithering their way through a shallow lake. The lighter warriors of Cathedral calling on their aquatic ability forced the wilted Chesterites into submission to the tune of 13-0

Central: Hitherto unscored on, the Blue and Gold took their first defeat at the hands of their old rival, Central. Cathedral scored in the first period as Hasenstab ran 60 yards after intercepting a pass. Again and again Cathedral's stubborn forward wall turned back their heavier opponents to hold on to a 6-0 lead. But in the third quarter Dame Fortune smiled on the Irish. Central ran back a short, wide punt for a touchdown. The extra point made it 7-6.

Southside: To cope with Southside's weight advantage, Cathedral put a revised squad on the gridiron to battle the St. Louisians. Captain Kastel was shifted from fullback to guard. Thus Cathedral concentrated its heaviest men, Boden, Grimmer, Koenig, Kastel and Blome on the line. These in cooperation with Gaffko and Montgomery at the wings and ace backs LeTempt, Hasenstab, Heckenberger, Lang, Schmidt and Faltus burried the St. Louis South Siders under a score of 25-0.

Carlyle: The Cathedralites, with four regulars on the injured list, fought the stubborn Carlyle High School "Indians" for three quarters only to be trailing 7-0 as the fourth quarter started. Like magic the Crusader offense sprang into action. The backs moving behind hard line blocking, ripped and pounded their way over for a six-pointer. The extra point knotted the score. The final minutes beheld a swirling, hammering, tearing eleven-man unit, make a sustained and unrelentless drive for the winning touchdown. Game by game the Cathedral aerial attack was becoming more and more deadly.

Highland: Power plays, accurate passes, and tricky laterals and spinners proved too much for the Highlanders, who fell before the dynamic offense and impregnable defense of the Blue and Gold. Four touchdowns were amassed by the victors while the Highland team eeked out a place kick from the field in the last thirty seconds of the game. Score 24-3.

Township: The Maroon eleven possessing a considerable weight advantage, outplayed and outscored, but did not outfight the lighter Cathedral eleven. Using crushing powerplays, the Devils ploughed over three times and scored one extra point to win the City Championship, 19-0. Cathedral shone in the first half when the Crusaders unsheathed a consistent aerial attack that advanced to within a few feet of the zero stripe, only to be thwarted by the gun. It was a stubborn, hard fought battle.

St. Genevieve: In the final game of the season Valle High of St. Genevieve, Mo., bowed to the tune of 20-0. The senior regulars were withheld from the lineup in this game to give the prospective team of 1935 a chance to prove their mettle.

THEY'LL BE MISSED

This year graduation will take a heavy toll of lettermen. Eleven seniors will be lost to next years team. Football players graduating are Captain Mel. Kastel, Fritz Koenig, Len Hasenstab, Waco LeTempt, Paul Blome, Maurice Grimmer, Lee Gaffko, Freddy Koch, Bill Drovetta, and Norman Biebel.

Front Row: (left to right) R. Schmitt, C. Muren, C. Lanter, P. Blome, F. Montgomery, L. Niedenfuehr, W. LeTempt.
Second Row: Brother Alphonse (Coach), H. Joffray, R. Waller, L. Kaufhold, A. Schuchart, A. Boden, E. Heckenberger, Brother Urban (Athletic Director).
Top Row: E. Hoeffken, P. Haas (Student Managers).

BASKETBALL

The Crusader basketball team of '35 enjoys the honor of establishing the best record any Blue and Gold quintet set in the history of the school. The Cathedral five sent the leather swishing through the net for a total of 617 points to boast of 18 victories in 27 games. Opponents were able to net but 559 tallies.

Fans of the hard-wood sport saw the Crusaders pry off the lid to a successful season when they trounced Carlyle to the tune of 30-18. The Blue and Gold chalked up their highest score of the season in their second game when they smothered Aviston 36-13.

For the next eight games Cathedral continued in their winning streak, to make it ten straight. They came Pinekneyville with a rangy five that stopped the victory march in the eleventh start.

In the first eight games the Crusaders amassed a total of 223 markers to strike an average of 28 points per game. This average fell to $25\frac{1}{2}$ when the first half of the season closed, while opponents strained efforts to eke out a $16\frac{1}{2}$ points per game average.

Probably the game of highest interest was the home game with Cairo, the tilt that marked the close of the first half of the season. The game was close all the way through but in the final minute a Cairo guard dropped a long shot from center to take the lead. Cathedral was still trailing when the timer signaled fifteen seconds to go. Then came the spectacular shot of the season. Les Niedenfuehr, receiving the ball on a pass-in from the side, heaved the winning basket from behind center to pull the game from the fire with a 22-21 score.

Another outstanding game was the first tilt with B. T. H. S. when the Crusaders whipped the Maroons 29-17.

The Crusader's record merited an invitation to the Catholic State Tournament held at Decatur. Conforming to previous years the Blue and Gold drew one of the better teams and bowed out in their first encounter.

Seated: (left to right) L. Kaufhold, L. Niedenfuehr, F. Montgomery, C. Young, F. Koch, J. Vierheller, C. Lanter.

Standing: K. Junker, H. Joffray, M. Walter, A. Boden, E. Fuhrmann, K. Dressel, D. Gabriel.

BASEBALL

Cathedral High's 1935 baseball team, with the combined efforts of coaches Jerry Tiemann and Joe Mondino, is proving itself the best in the history of the school. A combination of pep and clever baseball has brought home nine victories in eleven games to date.

Prospects looked none too bright when only nine lettermen, major and minor combined, returned from last year's club, but an encouraging number of recruits proved their ability when Cathedral turned in three victories in their first three starts.

The greatest strengthening factor among the newcomers was Charles Young who worked himself up to first string pitcher. Cletus Lanter, Floyd Montgomery, Al. Schaefer and Kenneth Dressel are the other Blue and Gold moundsmen.

Alex Boden is Cathedral's first choice for behind the log although Norman Biebel relieves Alex occasionally on the receiving end.

The infield with Freddie Koch on first, Joe Vierheller at the keystone sack, Bob Schmidt on short and Waco LeTempt on the hot corner, presents a defense that even good batters find hard to penetrate.

Long, high drives into left field find Paul Haas ready to pull them down and even snag them one-handed if necessary. The downy green of center-field is the favorite roaming ground of Cletus Lanter when he is not on the hill breezing the apple across the plate. Over in right Lester Niedenfuehr covers very capably the long distance between first base and the Belleville Athletic Field fence.

Ample reserve power is found in Steve Jarvis, Mike Walter, Clarence Muren, Harold Joffray and Edward Fuhrmann for replacements in either infield or outfield.

The Belleville Athletic Field is the home diamond for the Crusaders, and Cathedral High is proud of and grateful to Mr. Lawrence (Buddy) Meyer for the opportunity of claiming this park as their home field.

FRIEND OF CATHEDRAL ATHLETIC TEAMS

To Doctor Rudolph Heiligenstein Cathedral High School owes an expression of gratitude for faithful and dependable professional service rendered to Cathedral athletes ever since Cathedral High has had athletic teams.

The Crusaders consider themselves fortunate in having as their medical adviser a man who ranks ace high in his profession and whom people regard as a leading doctor in this part of the country.

Doctor Heiligenstein is a real friend of the school and a true friend of Cathedral's athletic teams. At all times he has proven himself a loyal booster, a sympathetic and helpful friend.

Crusaders doff their hats and salute you, Doctor Heiligenstein!

CATHEDRAL'S BASEBALL COACHES

Much credit for Cathedral's present successful baseball team goes to Mr. Jérôme (Jerry) Tiemann, mentor for Cathedral during the last half of the 1934 season and again at the beginning of the present campaign.

Mr. Tiemann won the hearts of all the boys while coaching them to a victorious finish last year and deepened that love and respect while directing the Crusaders to a successful start this season.

Years of experience in various minor leagues proved a boon to Mr. Tiemann in teaching the Cathedral twirlers some of the fundamentals as well as fine points of baseball.

Mr. Tiemann's sympathetic encouragement and advice prompt the Crusader nine to wish him every success in his chosen profession.

The void that was felt when Mr. Tiemann left for his regular position as first sacker for Decatur in the Three-I League was such that only a man with a sympathetic understanding of boys could fill. Mr. Joseph (Joe) Mondino filled "Jerry's boots" to complete satisfaction not only of the players but of the faculty as well.

Mr. Mondino's experience in playing baseball and in managing teams won for him at the very start the confidence and respect of every member on the Crusader squad.

Proof of Mr. Mondino's ability in coaching is grasped by a glance at Cathedral's present record in the willow-wielding sport.

When a man is a good coach, players respect his advice, but when a man combines good coaching with a gentlemanly character and Catholic manhood, then his players love him. And such is Mr. Mondino's place in the hearts of the Crusaders.

Alumni Banquet Given on January 6, 1935

JOHN DENGLER
President of the Alumni Association

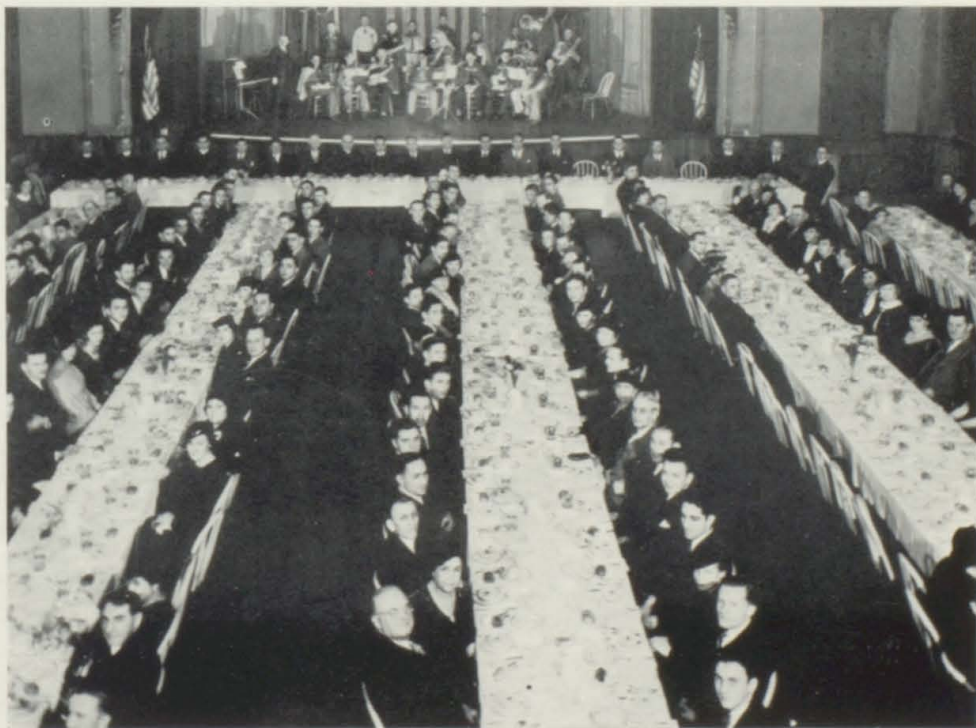

Sunday, January 6, 1935, marked one of the outstanding social events in the history of the School. It was on that memorable day that the Alumni Association sponsored a banquet in honor of the Crusader football squad of 1934.

Three nationally prominent figures attended the Banquet. Jack Ryan, well-known St. Louis humorist and entertainer, Mike Layden, star back-field performer for the University of Notre Dame grid team of 1934, and Joe Boland, Notre Dame line coach and member of Rockne's famous "Seven Mules."

John Dengler, President of the Alumni Association was toastmaster.

The banquet was punctuated by the addresses of Rev. Father Mueller, President of Cathedral High School, Mr. George Brechnitz, Mayor of Belleville, Brother Ambrose, Principal and Bro. Alphonse, Coach of the Crusader football team.

Joe Boland, one of the "Mules" on the team of the "Four Horsemen" fame, delivered the principal talk of the evening, in which he emphasized the value of football as a tool in molding the real American citizens.

FACULTY

Reverend Joseph M. Mueller, President
Brother Ambrose J. Loosbrock, Principal

Rev. Charles Hellrung, Rev. Joseph Schomaker, Brother Charles Kinsky,
Brother Ralph Molnar, Brother Alphonse Scherer, Brother Urban Fleege,
Brother Charles Sweeney and Brother Frank Bischof.

ADMINISTRATION

Although the present four-year high school course at Cathedral High School was established in 1926. An advanced business course was organized with the foundation of the school, namely, in the fall of 1906.

The Brothers of Mary have conducted the school since its foundation. Brother Charles Aul of happy memory, was the founder with two fellow-Brothers, namely, Brothers Thomas Seebold and William Hebbig who have also passed to their eternal reward.

The aim of the school is to provide its students with a thorough education in a Christian atmosphere. It feels its duty to develop the Christian character in the growing boy today. This is an answer and a solution to the moral breakdown in society at the present time. The influence of proper environment in the acquiring and maintaining ideal of service to God and country are especially important in the formative years of high school.

HUMOR

Amann: Look at the way the water has eaten away that post.

Koch: And to think that the prohibitionists put that stuff in their stomachs.

Tom Heck: My girl is a decided blonde.

Tom Bedell: Yeah, I was with her when she decided.

Koenig, to Traffic Cop: You can't arrest me officer, I'm a high school student.

Traffic Cop: That's O.K. Ignorance is no excuse.

Sep Schmittling: I got insomnia.

Bibbs Biebel: How come?

S. S.: Yesterday I woke up three times during history class.

Bro. Ralph: "Any questions now boys?"

Walter: "Yes Brother, what class is this?"

We know of a Scotchman who had his head shaved because a shave was cheaper than a haircut.

Karr: I say there Eddie, why do you look so down-hearted?

E. Fellner: Dodo threw me down last night.

1st Junior: Ah, buck up old fella, there are more where she came from.

2nd Ditto: I know, but somehow I can't help feeling sorry for the poor girl.

Father: Is that your cigarette butt, son?

Freshman: Go ahead dad, you saw it first.

Mother of Senior: Now sonny, go wash your face and neck.

Senior Son: Whom, mother dear?

EXTRA!!! Koch Bakery destroyed by fire; C.H.S. students left homeless.

Bob Wuller: Gee, girlie, you look like a million dollars tonight.

Girl Friend: You bet, and I'm just as hard to make.

Blome: I had a real fright at the social last night.

LeTempt: Yeah, I danced with her.

Winter: "The girl I marry must have good looks, brains, a pleasing personality, and a lot of money."

Guenther: "I expect to remain a bachelor too."

"My, but you certainly eat well."

"I ought to, I've been practicing all my life."

Freshie, to Music Director: "Are you a professional violinist?"

Bro. Charles K: "No, I just play for my own amazement."

Russ Kastel: Say mister, do you have an opening for a high school graduate here?

Storekeeper: Yes, but don't slam it on your way out.

Jarvis: What did you say to the Dean when he kicked you out?

Gaffko: I congratulated him on turning out such fine young men.

CONTRIBUTORS

A pupil's school spirit reveals itself not so much in what he says, but in what he does for the glory of the school. During the school year a boy at Cathedral is often called upon to express his loyalty. It might be in the class-room, or upon the campus. The most trying ordeal is the soliciting of advertisements. And still no Year Book would be possible without these paid notices.

The following Seniors showed exceptional interest in soliciting advertisements for the "Cathedra." The names were arranged according to the number of advertisements each procured. Thanks to these boys for their co-operation.

Albert Guenther	Leroy Gaffko
Francis Schaefer	Joseph Vierheller
Russell Kastel	Norman Biebel
Adolph Weygandt	Melvin Kastel
Robert Dekum	Tyrus Winter
Roland Sax	Paul Blome
Frederick Koenig	Thomas Bedell
Herman Lorenz	Quentin Stoeckel

JUST A MINUTE PLEASE

You might need something of the very best; then please do not hesitate to patronize the Merchants whose Advertisements appear in this volume of "The Cathedra." Many others were approached, but for some pretext or other, refused an "AD". Our patrons on the other hand, through their generosity, made it possible for us to issue "The Cathedra" of 1935. We kindly ask of you as a friend of the Cathedral High School to look over the advertisements, and give your heartiest support to these Business Establishments, who boost our school, and therefore boost Belleville.

CONFIDENCE and ENERGY Bring SUCCESS---

Genius is only the power of making continuous efforts. The line between failure and success is so fine, that we scarcely know when we pass it—so fine that we are often on the line and do not know it. How many a man has thrown up his hands at a time when a little more effort, a little more patience, would have achieved success. As the tide goes clear out, so it comes clear in.

In business, sometimes, prospects may seem darkest when really they are on the turn. A little more persistence, a little more effort, and what seemed hopeless failure, may turn to a glorious success. There is no failure except in no longer trying. There is no defeat except from within, no really insurmountable barrier save our own inherent weakness of purpose.
